

JULIAN TENISON WOODS

Day Three

We sit with Julian in silence, and open our hearts
to his presence.

We gaze at this photo allowing it to speak to us.

Julian Speaks

The brilliant stars which strew the skies on a still clear night, and look like so many diamonds sets in ebony; the remote clouds of nebulae, whose very distance is as much a marvel to us as their nature and purpose; the universe, such as we know it may all have been unfolding its grand destiny in the mysterious epoch, darkly alluded to in the Hebrew as "the beginning".

Julian Tenison Woods Modern Science and Ancient Records 1867

We Ponder Scripture

Daniel 12:3

Those who have insight will shine brightly like the brightness of the expanse of heaven, and those who lead the many to righteousness, like the stars forever and ever.

New American Standard Bible

We Reflect

Allow your prayer to rise within you.

We Pray
