- 1.4 Members of the Congregation who are in lands other than Australia, are required to abide by the local Church and civil law requirements.
- 1.5 This document sets out SOSJ’s policy for managing safety complaints and the procedure that Workplace Participants and SOSJ must follow in relation to reporting and responding to safety complaints.
- 1.6 SOSJ is committed to creating an open and transparent environment that encourages people to raise concerns and complaints. Complaints and the investigation of such, assists SOSJ in addressing issues and supports the continuous improvement of our ministries, services and culture.

with SOSJ’s Adult and Child Safeguarding Policy and the Adult and Child Safeguarding Code of Conduct.

- 2.3 A ‘complaint’ includes any allegation, suspicion, concern, disclosure, or report:
- (a) regarding the alleged abuse of an adult at risk or child.
 - (b) of a breach of SOSJ’s Adult and Child Safeguarding Code of Conduct or other Safeguarding policy or procedure;
 - (c) that any person included at 2.2 of this policy, has engaged in abuse of, or inappropriate behaviour towards, an adult at risk or child (regardless of whether the adult at risk or child is associated with SOSJ);
 - (d) about, or relating to, abuse of an adult at risk or child, in an institutional context;
 - (e) regarding abuse between two or more children;
 - (f) of historical allegations of child abuse; and
- 2.4 A complaint can be made by anyone – including a child, adult survivor, parent, trusted adult, independent support person, community member or any person included at 2.2 of this policy, or an anonymous person (complainant).

3. Principles

- 3.1 SOSJ takes all safety complaints seriously and will respond to each complaint in accordance with this policy and the relevant procedure.
- 3.2 Any person who in good faith, raises a complaint or discloses an allegation of abuse will not be disadvantaged or prejudiced and will be protected from victimisation. Reports will be dealt with in a timely and confidential manner.
- 3.3 SOSJ and persons listed at 2.2 of this policy will be guided by the following principles:
- (a) the safety of all will be the upmost priority when responding to any safety complaints;
 - (b) it is difficult for all individuals, particularly adults at risk and children, to disclose abuse and an appropriate response to any disclosure is critical for the recovery process of a survivor;
 - (c) it is important that SOSJ and all persons listed at 2.2 of this policy reduce barriers that are in place for individuals who disclose, such as by publicising information on how to raise concerns, providing different pathways and allowing different methods of raising concerns;

- (d) SOSJ will support any person listed at 2.2 of this policy who makes a complaint or report regarding suspected abuse, and state that they do not need SOSJ’s consent to make an external report;
- (e) in responding to complaints, persons listed at 2.2 of this policy and SOSJ, will pay particular attention to the needs of First Nations peoples, children who are unable to live at home, adults at risk who reside in residential / care facilities, people with disability, people from culturally and linguistically diverse backgrounds, and people with diverse needs;
- (f) when responding to complaints, SOSJ acknowledges that power imbalances may exist between a complainant and a respondent, and will also be mindful of any conflicts of interests that may exist; and

5. Responding and reporting

- 5.1 This section sets out the process persons listed at 2.2 of this policy and SOSJ will follow when a safety complaint is received.

Step One – First Response

- 5.2 When a person listed at 2.2 of this policy becomes aware of a complaint through a disclosure, the person must be mindful of their first response. They should:
- Let the complainant use their own words to explain what has occurred;
 - Reassure them that you take what they are saying seriously, it is not their fault, and that they are doing the right thing;
 - Do not leave them in a distressed state. If they seem at ease in your company stay with them, otherwise get support from the Congregational Safeguarding Co-ordinator;
 - Keep a clear written record of the conversation (either during if possible or immediately after);
 - Offer the adult or child complainant support or pastoral care as appropriate;
 - If the complainant is the child survivor:
 - Try to separate them from other children discreetly and listen to them carefully;

- (ii) If you believe that the child is at immediate risk of harm, do all within your legal power to ensure the child’s immediate safety, such as calling 000. Explain to the child that this information may need to be shared with others, such as with their parent / care giver (if safe to do so), specific people in your organisation, or to regulatory authorities; and
 - (iii) Do not make promises to the child such as promising not to tell anyone about the incident, except that you will do your best to keep them safe.
- (g) If the complainant is an adult at risk:
- (i) Try to separate them from other people discreetly and listen to them carefully;
 - (ii) If you believe that the adult at risk is at immediate risk of harm, do all within your legal power to ensure their immediate safety, such as calling 000. Discuss with the adult at risk that this information may need to be shared with others, such as with their care giver (if safe to do so), specific people in your organisation, or to regulatory authorities; and
 - (iii) Do not make promises to the adult at risk such as promising not to tell anyone about the incident, except that you will do your best to keep them safe.
 - (iv) Empower the adult at risk in decision making.
- (h) Refer to and comply with this policy and the relevant state-based procedure below.

Step Two – Assess your reporting obligations

- 5.3 SOSJ requires Workplace Participants and other persons listed within the scope of this policy, to report information pertaining to alleged child abuse, to the relevant state based statutory child protection service, regardless of whether they are listed as a mandatory reporter.
- 5.4 Persons listed at 2.2 of this policy are encouraged to seek support from the Congregational Safeguarding Co-ordinator but are not required to do so before making a report to the regulatory authority.
- 5.5 Reportable Conduct Scheme legislation exists within Australian Capital Territory, New South Wales, Tasmania, Victoria, and Western Australia. Each of these States and Territory is governed by their own Reportable Conduct legislation. A reportable allegation is an allegation that a person listed at 2.2 has engaged in conduct towards

a child that may be reportable, either within the context of their role and/or position with SOSJ, or within their personal life. The Congregational Leader must adhere to prescriptive time frames in which a Reportable Conduct allegation must be reported, and these time frames are different for the various States and Territories.

- 5.6 Persons listed at 2.2 of this policy are encouraged to seek support from the Congregational Safeguarding Co-ordinator as soon as possible, in determining if a Reportable Conduct report is required.

Step Three – Report

- 5.7 As soon as possible after the disclosure, record the information using the complainant or survivor’s words.
- 5.8 If the complaint relates to alleged abuse of a child, by a person listed at 2.2 of this policy, this must immediately be reported to the Safeguarding Co-ordinator who will then escalate this to the Congregational Leader with a recommendation regarding whether a report needs to be made under any State or Territory Reportable Conduct Scheme.
- 5.9 The Safeguarding Co-ordinator, and the Congregational Leader are to be conscious of and comply with the prescribed timeframes under the relevant State and Territory Reportable Conduct Schemes.
- 5.10 If the complaint relates to alleged abuse by the Safeguarding Co-ordinator and / or Professional Standards Officer, the Workplace Participant must immediately report this to the Congregational Leader.
- 5.11 Sisters and clergy are also obliged to follow the canonical reporting processes and procedures for complaints involving the alleged sexual abuse committed by a Sister, clergy, or other religious.
- 5.12 If the matter is a historical allegation (including under the National Redress Scheme) or involves a claim of compensation, or contacts the Professional Standards Officer directly, the Professional Standards Officer will respond to the matter promptly, ensuring all parties are regularly updated with the progress of the matter.
- 5.13 Safety concerns for an adult in an aged care facility, respite and day care service or support services delivered in the home, may be reported to the Aged Care Quality and Safety Commission.
- 5.14 Safety concerns that relate to the provision of a National Disability Insurance Scheme (NDIS) service, may be reported to the NDIS Quality & Safeguards Commission.

Version	v.2.3 Aligns with NCSS 1, 6, 9 & 10	Approved by the Congregational Leadership Team on	2024

- 5.15 Safety concerns that relate to the abuse, neglect or exploitation of an adult with disability or an older person living in their home (conduct by a person’s family, other informal supports, or persons known to them from the community, or any other person), may be reported to the relevant State / Territory-based Ageing and Disability Commission.

Step Four – Risk assessment

- 5.16 The Safeguarding Co-ordinator will complete or support a risk assessment to identify and minimise any risk to adults at risk and/or children, the respondent, and the proper investigation of the complaint. This will include considering and mitigating any conflicts of interest.
- 5.17 The risk assessment should be updated throughout the response and investigation process.
- 5.18 If the complaint or disclosure relates to the abuse of an adult at risk or child and involves allegations against a person listed at 2.2 of this policy, and there is a risk that the person may come into contact with adults at risk or children, the Safeguarding Co-ordinator must immediately notify the Workplace Participant’s Leader or Manager, and / or Regional Leader or Congregational Leader.
- 5.19 The Leader or Manager, or Regional Leader, or Congregational Leader, must then remove the accused person from active duty, which could entail standing down (with pay, where applicable), re-assignment to other duties that do not have direct contact with adults at risk and/or children, or to work under increased supervision while the matter is being investigated. This decision will be made in consultation with the Manager, People and Culture, and consider the advice of the Safeguarding Co-ordinator / Professional Standards Officer, and the Safeguarding Committee as required with the safety of adults at risk and children as the guiding factor.
- 5.20 Complaints against Workplace Participants will be managed with reference to the Managing Underperformance and Disciplinary Policy.

Step Five – Investigations

- 5.21 All persons listed at 2.2 of this policy and SOSJ will cooperate with any investigation by a regulatory authority. No internal investigation or interview will commence until clearance has been provided by the relevant state regulator and / or police.
- 5.22 Once clearance has been provided, SOSJ may investigate allegations relating to an incident of abuse in accordance with its obligations and to the extent reasonably practicable. In some circumstances, it may be necessary for SOSJ to conduct an investigation in addition to any investigation conducted by authorities (e.g. under state Reportable Conduct Schemes).

Version	v.2.3	Approved by the Congregational Leadership Team on	2024
Responsible person	Safeguarding Co-ordinator	Scheduled review date	2027

- 5.23 All persons listed at 2.2 of this policy must co-operate fully with any internal investigation by SOSJ.
- 5.24 SOSJ will make every effort to keep any investigation confidential; however, from time-to-time other people may need to be consulted in conjunction with the investigation (e.g. to provide witness statements). SOSJ will ensure that any conflicts of interest are considered and managed.
- 5.25 An investigation conducted by SOSJ will be conducted in accordance with procedural fairness to protect the integrity of the investigation and the interests of all the participants involved in the investigation. Any person listed at 2.2 of this policy who is implicated in a complaint will be given an opportunity to respond.
- 5.26 In some circumstances, it may be appropriate for SOSJ to engage a person (or persons) from outside SOSJ to conduct an independent investigation or provide advice in relation to allegations, such as a legal representative.
- 5.27 Following any internal investigation, findings and recommendations should be made. SOSJ will assess whether the allegation is substantiated on the balance of probabilities and if any substantiated allegations amount to a breach of its Adult and Child Safeguarding Code of Conduct or any other policy or procedure. The complainant will be notified of the outcome.
- 5.28 Where a complaint related to the sexual abuse of an adult or child against a SOSJ Sister is substantiated, they will be removed from ministry. Where a complaint related to an adult or child sexual abuse against an individual participating in formation is substantiated, the formation process will be discontinued. Complaints of this nature will be referred to the local civil authority and relevant child protection agency.
- 5.29 If a Sister is convicted of an offence relating to sexual abuse, the Sister will be permanently removed from ministry and will not be permitted to hold themselves out as being a person with religious authority. Where an individual participating in formation is convicted on an offence relating to sexual abuse, the formation process will be discontinued. Convictions of this nature may also be referred to the relevant dicastery.
- 5.30 Following any investigation, an updated risk assessment should be undertaken to ensure risks to adults at risk and/or children are managed.
- 5.31 SOSJ has full discretion to put in place safety management plans or take disciplinary action (including increased supervision, disciplinary action, dismissal or summary dismissal) where it forms a reasonable belief that it is not safe for a person listed at 2.2 of this policy, to interact with adults at risk and/or children, in accordance with its duty of care.

If a Safeguarding Co-ordinator and / or Professional Standards Officer is implicated, the person must immediately notify the Congregational Leader of the complaint by submitting the Safety Reporting Form directly to the Congregational Leader.

If the matter involves an allegation against a person listed at 2.2 of this policy, the Safeguarding Co-ordinator will report the matter to the Congregational Leader with a recommendation regarding whether the Reportable Conduct Scheme applies (*Child Wellbeing and Safety Act 2005, amended 2017*).
